LONGWOOD  
COLLEGE  
1839

*To accomplish great things,  
we must not only act but also dream,  
not only plan but also believe.*  
Anatole France

*You will find,  
as you look back upon your life,  
that the moments that stand out  
are the moments  
when you have done things for others.  
Henry Drummond*

***Thank you, Dr. Herbert R. Blackwell . . .***

*for the special moments you have given us  
for the dreams you have had for Longwood  
for the support and belief you have had in  
each dream and in each individual  
involved with Longwood.*

*You have dedicated so much of your time to Longwood,  
and now we would like to dedicate this small portion of our time and Longwood to you.*

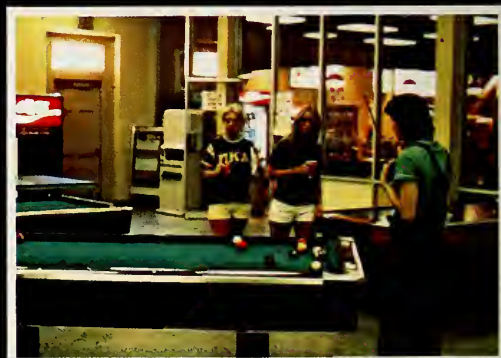

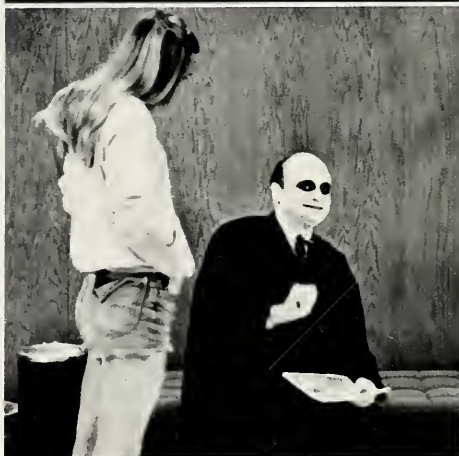

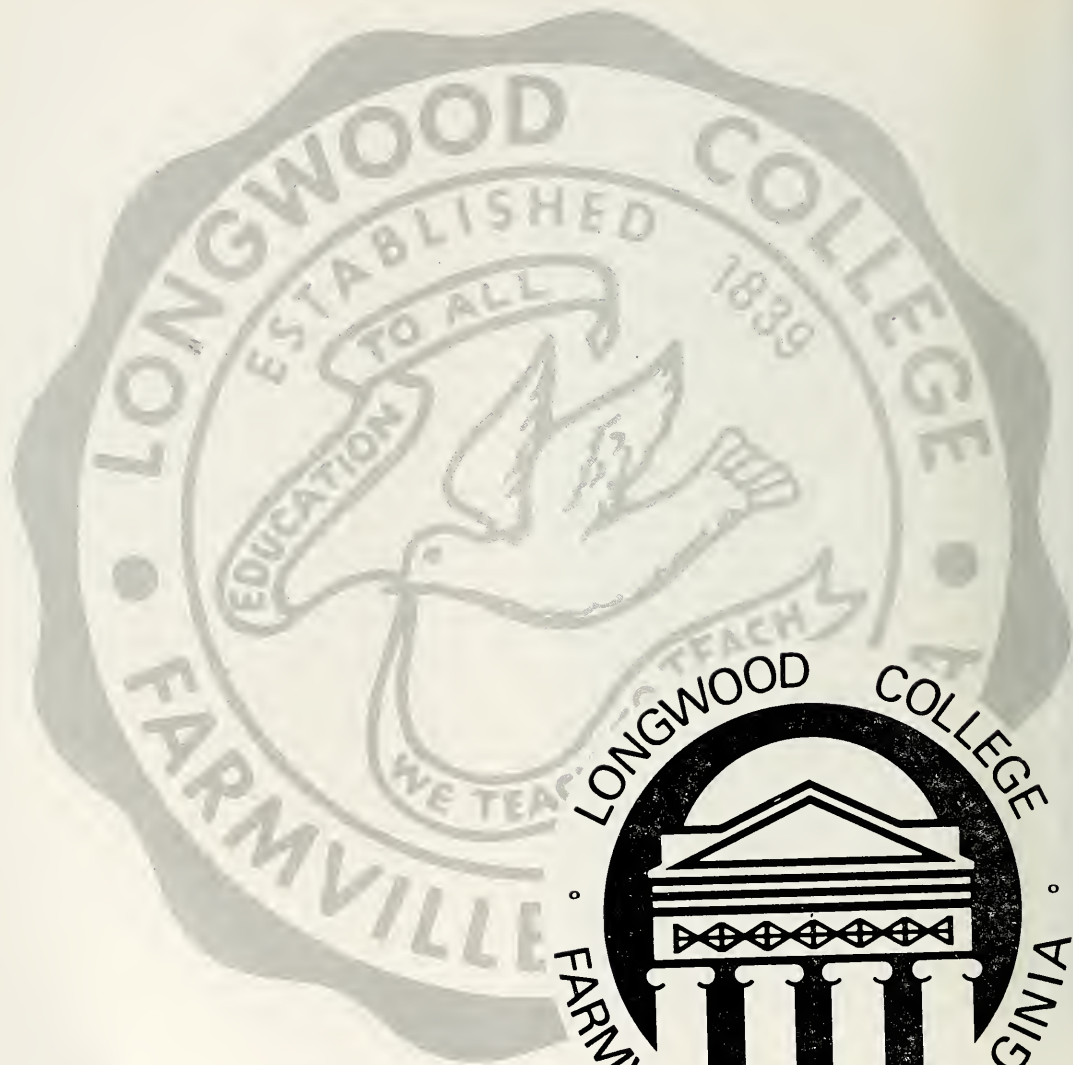

*VIRGINIAN 1975*

*There is a tiny pebble of joy in every day. Do not toss any aside lightly — but select, with care, the one that lifts your spirits and fills the need of any one moment. Hold it in your hand until you know its truth; then you can put it back to treasure for another time.*

*If you look with your heart, each pebble you choose will be a pearl to warm your heart.*

The annual burning of CHI is concluded. Recognition has been given to students, faculty, and administration who have made outstanding contributions to the college community. In no way can we attempt to acknowledge all efforts.

Tonight the members of CHI combined individual flames to form one. So it is with every person affiliated with Longwood College. Each possesses some unique quality or characteristic. Through the combination of talents and aspirations a spirit of mutual respect and cooperation may be created. This is the ideal of CHI and the challenge we offer to you.

*Every individual has a place to fill  
in the world  
and is important  
in some respect,  
whether he chooses to be so or not.*

*Nathaniel Hawthorne*

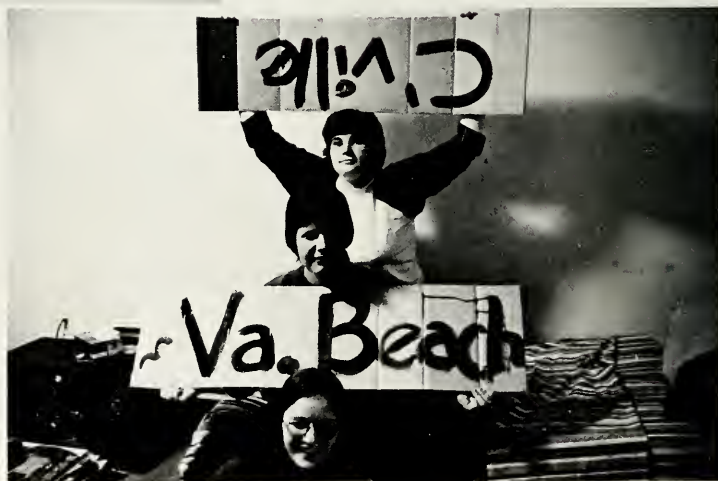

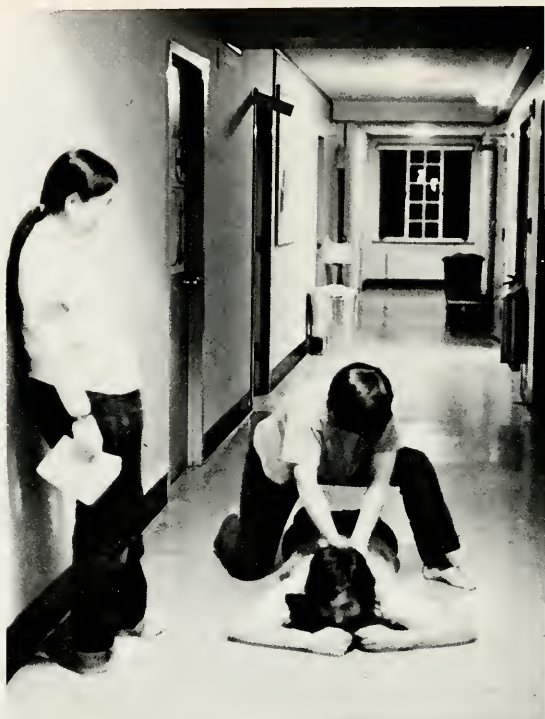

### PRAYER

*The Way is uncharted. The map cannot be spoken. Names are in words, but nature lives only in nature. The source of creation is nameless, but the matrix of all is named. The secret eludes eyes clouded by longing. Prejudiced eyes must stop cold at the surface. The secret is self-contained.*

*May we be mindful of these truths. May we become pure enough to pass through the gate to the root of the universe.*

—from Gurney Norman's  
"Divine Right's Trip"  
in *The Updated Last  
Whole Earth Catalog*
